COMPLETE FIRE DOOR SOLUTIONS

WE PROVIDE A COMPLETE FIRE DOOR AND PASSIVE FIRE PROTECTION SERVICE, FROM INITIAL SURVEY THROUGH TO INSTALLATION AND FINAL COMPLIANCE RECORDS.

- FIRE DOOR SURVEYS – DETAILED ASSESSMENT OF EXISTING DOORS AND OPENINGS.
- FIRE COMPARTMENTATION SURVEYS – IDENTIFYING BREACHES AND AREAS REQUIRING REMEDIAL WORKS.
- DESIGN & SPECIFICATION – THE RIGHT COMPLIANT SOLUTION FOR EVERY OPENING.
- SUPPLY – QUALITY FIRE-RATED DOORS, FRAMES AND IRONMONGERY.
- INSTALLATION – PROFESSIONALLY INSTALLED FIRE DOOR SETS AND ASSOCIATED FIRE STOPPING.
- COMPLIANCE REPORTS – PHOTOGRAPHIC RECORDS OF KEY INSTALLATION STAGES, PROVIDING A CLEAR AUDIT TRAIL FOR YOUR BUILDING RECORDS.

ONE COMPLETE SERVICE. SURVEYED. DESIGNED. INSTALLED. RECORDED.

NEWS in brief

£1.1m in fire doors installations over the 6 weeks summer holidays!

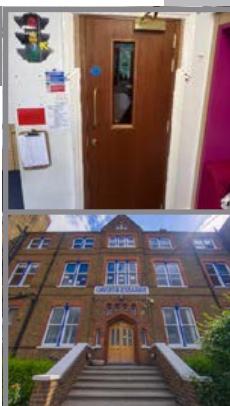

PROJECT: ST CLAUDINE'S SCHOOL FOR GIRLS, FIRE DOOR REPLACEMENT

Preou Ltd delivered a comprehensive fire door replacement programme at St Claudine's School for Girls, covering the project from initial survey and design through to manufacture, installation and compliance documentation.

Our scope included:

- Site survey and door assessment
- Design and specification of replacement fire door sets
- Manufacture and supply
- Installation of doors, frames and ironmongery
- OneTrace digital compliance records

Working within a live school environment, the programme was carefully coordinated to minimise disruption to staff and pupils. OneTrace provided photographic evidence at key stages of each installation, creating a clear digital record to support fire safety compliance, future inspections and ongoing maintenance.

- Fire stopping and finishing works where required
- Final inspection and compliance documentation

All door sets were installed to the project specification and manufacturer requirements, with careful attention to gaps, seals, closers, ironmongery and frame interfaces.

The completed works were handed over with the relevant installation and compliance documentation.

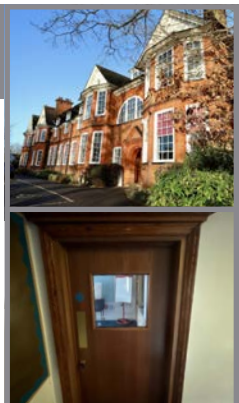

PROJECT: ORLEY FARM SCHOOL, FIRE DOOR REPLACEMENT

Preou Ltd replaced five fire door sets at Orley Farm School, a private school with listed buildings. The project required fire compliance while preserving the traditional character of the existing buildings..

Our scope included:

- Survey and assessment of existing openings
- Management of existing wall fire compartmentation
- Design and specification of replacement fire door sets
- Bespoke doors and traditional-style glazed vision panels
- Supply and installation of doors, frames and ironmongery
- Fire stopping and compliance works

The new doors provided the required fire performance while complementing the heritage character of the school through sympathetic detailing and traditional glazing.

PROJECT: ST CLIFTON'S SCHOOL, FIRE DOOR REPLACEMENT

Preou Ltd replaced fire door sets at St Clifton's School, covering the works from initial survey through to supply, installation and final handover.

Our scope included:

- Survey of existing doors and structural openings
- Design and specification of replacement fire door sets
- Supply new fire-rated door sets
- Installation of doors, frames, ironmongery and associated components

ACCREDITATIONS: Members of the BESA for over 40 years, Gas Safe, F-Gas, ConstructionlineGold, Safe Contractor SSIP. We are qualified to provide an excellent service and the highest quality energy efficient heating and hot water systems. Keeping abreast with the latest equipment we continue to exceed our Clients expectations.

ALL MEMBERS OF OUR SUPPLY CHAIN ARE BM TRADA CERTIFIED.
